

iPrintHere: Printing solution for people on the move.

- Self-Contained Mobile printing solution
- Great as In-Room Print solution in Hotels or Hotspots
- No installation of drivers on the users' device
- No installation of extra hardware components required
- No assistance from staff needed
- Print jobs can be retrieved at the SurferQuest Business Centers (any PC/Printer)

- Upload any document through Laptop
- Upload from anywhere where there is an internet connection

Users simply browse to www.iprinthere.com, upload their documents, go to the SurferQuest Business Center (750 locations all through the United States and Canada) or any other computer with printer and print the document.

iPrintHere can handle most document formats, including but not limited to Microsoft® Word™, PowerPoint™, and Excel™, HTML, Images and PDF.

The documents are protected through HTTPS 1024 bit encryption on firewalled and password protected web servers throughout the US and Europe and can be retrieved only with a username and password. Documents stay on the web server for 24 hours unless otherwise indicated by the user.

Print Release Station

If you want to supply a print release station make sure you have the free version of Open Office 3.0 and the latest version of JAVA installed.

Charge

You can charge the users to cover the print consumables or to make it a profitable business. The software accepts Credit Card payments but to offer this, you would need a merchant service from <http://www.surferquest.com/N1downloads/AuthorizeNet.pdf>.

\$599 per Yr. Please contact your sales rep. for quantity discounts.
