

**Global Software Applications**  
/ SurferQuest

### Dedicated Kiosk Application

- Protected against viruses and hacks
- Clears history and cache automatically
- Cleans and resets to factory settings on reboot
- Allows visiting of the airline links

# \*\*\*Print Boarding Pass\*\*\*

Application can be part of SurferQuest Light and Full Throttle or operate as a stand-alone application.

By default the screen shows an A-Z list of 71 airlines that fly to and from North America. The Guest has to navigate to the Boarding Pass section, and enter their details to print it. Because some entering and submitting of personal information is required we choose to make this feature not a touch screen based application.

Browser window can be branded to the location (see screenshot below : Radisson Logo)

Stand-Alone:  
  
One-time \$395  
Silver Service and Support \$149/yr (upkeep)

Add-on to SurferQuest Light or Full Throttle  
  
One-time \$ 0,00  
Silver Service and Support \$149/yr (upkeep)
