

**Global Software Applications**  
/ iPrintHere

iPrintHere is a Print Service for your wireless (hotspot) or wired network users.

iPrinthere captures the print jobs issued by your WiFi or Network users and releases the print(s) after entering their PIN# at the iPrintHere station. The facility can choose to charge for printing or offer it complementary.

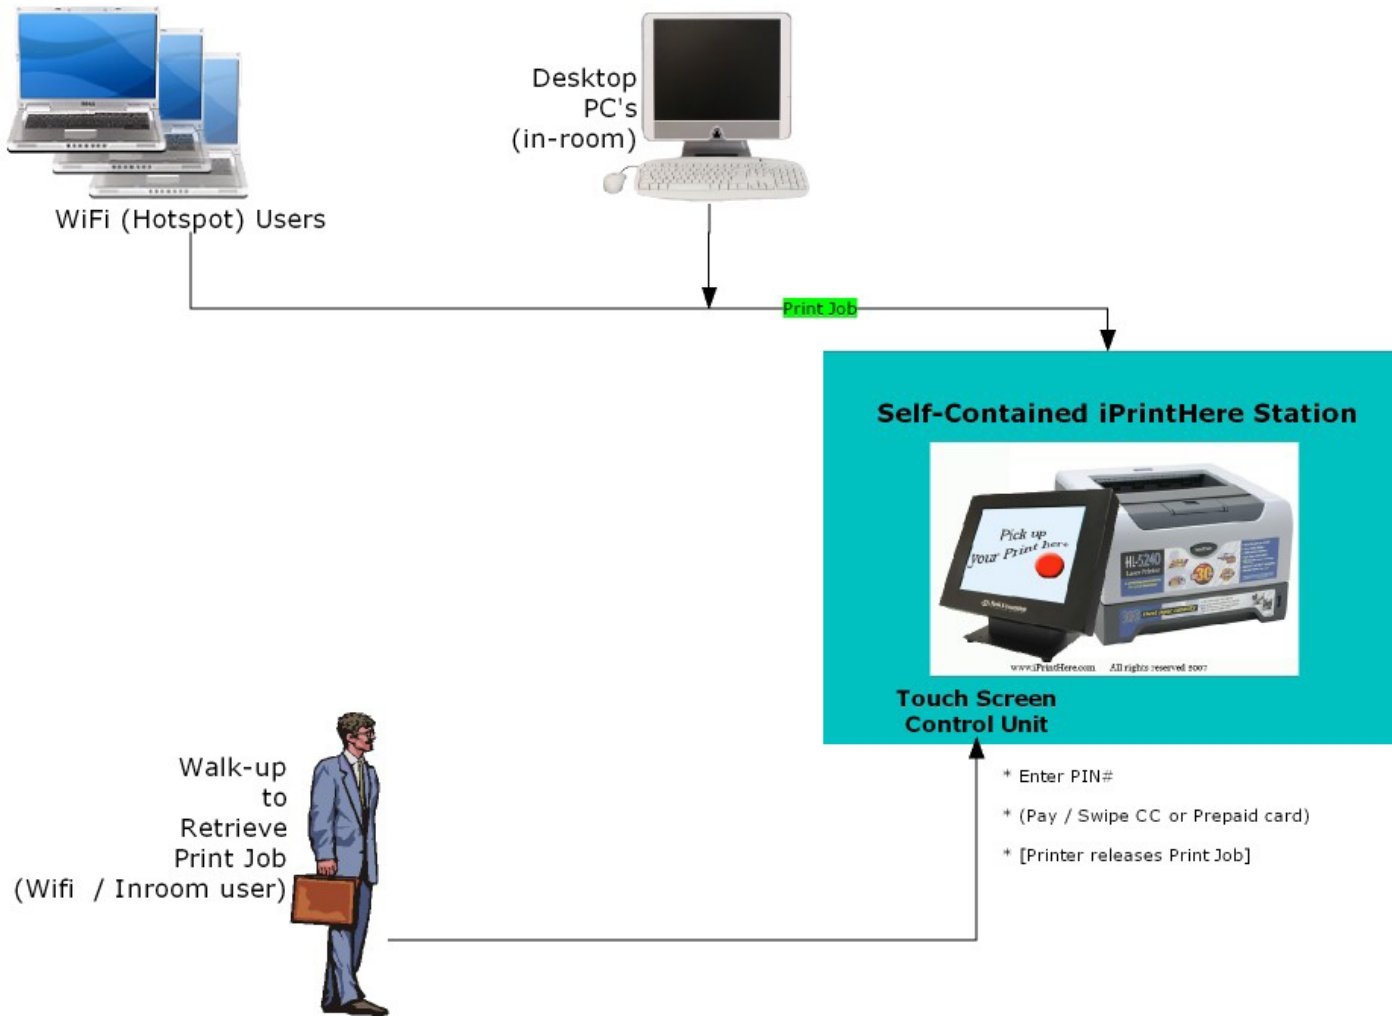

- Charge for and track all print jobs.
- Charge either a flat rate or a tiered pricing rate.
- Offer complimentary printing or allow your customers to print some of the pages for free.
- IPRINTHERE self contained
- Currently only for Windows OS users
